

INTERVARSITY INTERNATIONAL STUDENT MINISTRY **NETWORKING DAY!**

This informal setting is intended to help you process, clarify, and make specific plans for God's work in and through you long after Urbana. As you talk with practitioners and students with similar interests and callings, listen for God's direction for *one vision*, *one partner*, and *one next step* that will help you follow through as you return home.

ONE VISION.....

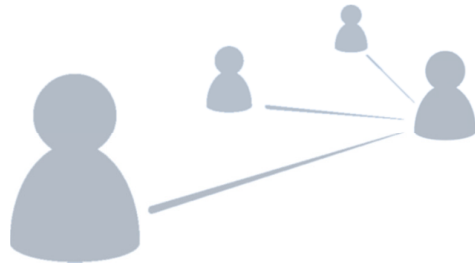

What do you want to see God do in the next year?

ONE PARTNER.....

Who (a friend, staff, or practitioner) will pray and encourage you in this vision over the next year?

ONE NEXT STEP.....

What action step will you take in the first two weeks after Urbana to see this vision become reality?

WHERE SHOULD YOU GO?

Table signs will indicate **by color** which area is being covered. Read signs to see the Table Host's particular areas of expertise. You might visit a few tables to get input or just network in one place. Enjoy!

Campus Witness & Planting – Have a vision to plant an international student ministry (ISM) chapter or small group on your campus? Staff will help you brainstorm next steps.

Global Witness & IFES – Returning home or moving overseas and wanting to build a thriving Christian community? Network with IFES and other ministry staff from regions around the world.

Academic Vocations – As a graduate student, scholar, or faculty, you have a strategic opportunity to impact your department and discipline. Meet with ministry staff and faculty!

Marketplace – Most of us will be ministers in our workplace. Talk with internationals who are already bringing Jesus' love into their work and to their coworkers.

Need Direction? – Staff are available to listen and help you discern next steps as you contemplate your future.

Just Need Prayer? – Prayer ministers will pray with you in our designated prayer room, 200.
