

Invitation to be a little brother/sister

Kingdom value or skill you hope to see developed: stepping into leadership roles

Who is it for: Potential apprentices

Desired impact: Inviting them to be mentored

Hear the word

1 Samuel 3 - Samuel is called by God during the night, learns from Eli that it's God, listens to God, and then tells Eli about it.

- What things do you notice about Samuel and Eli's relationship?
- What benefits are there of having someone more experienced in your life?
- What does someone less experienced bring to the relationship?

Respond Actively

Affirm what you have seen in them (faithfulness, willing to take risks, etc.)

Invite to be someone who's learning from a big brother/sister

Explain what that would look like.

Hear their questions/response. (If they need time to think about it, that's fine!)

Pray.

Debrief and Interpret

After accepting the invitation:

- How are you feeling about becoming a little brother/sister?
- What do you want to see God do as you learn from a big brother/sister?
